Application 09/853,187

ORDER RETURNING UNDOCKETING APPEAL TO EXAMINER

This application was received electronically at the Board of Patent Appeals and Interferences on May 2, 2007. A review of the application has revealed that the application is not ready for docketing as an appeal. Accordingly, the application is herewith being returned to the Examiner. The matter requiring attention prior to docketing is identified below.

On May 19, 2006, an Examiner Answer was entered into the record. In the Evidence Relied Upon section, page no. 2, paragraph 8, the Examiner has stated that "No evidence is relied upon by the examiner in the rejection of the claims under appeal." A review of the file reveals that references to Helferich U.S. 6,636,733 and Rajan U.S. 6,633,910 were applied to the

statement of rejections in the Grounds of Rejection, paragraph (9) of the Examiner's Answer. Before further review, the Examiner must mail a PTOL-90 that will include in the amended Evidence Relied Upon section, the list of references mentioned in the Ground of Rejections. See the Manual of Patent Examining Procedure, (MPEP) § 1207.02. Appropriate correction is required.

Accordingly, it is **ORDERED** that the application is returned to the Examiner to:

- 1) issue and mail a PTOL-90 having the missing references listed under the Evidence Relied Upon section, paragraph (8) of the Examiner's Answer; and
- 2) for such further action as may be appropriate.
